REPAP
2020

in the framework of the IEE - REPAP2020 Project

and with the support of

A one-day public participation workshop to discuss and propose a roadmap to achieve 10% renewable energy for Malta by 2020

The European Renewable Energy Directive stipulates that each Member State has to submit its renewable energy action plan for 2020 by 30th June 2010, which will be legally binding until 2020. Hence, it is very important that all stakeholders join forces and team-up to contribute towards this historical moment. This is a one-time opportunity to voice your proposals.

The workshop aims at involving all interested parties to find answers to questions such as:

- Which renewable energy (RE) technologies should feature in this action plan?
- How does the local industry and energy enterprises foresee the growth of the RE market?
- What do NGO's have to contribute with regards to Malta's clean energy supply?
- How do local councils envisage linking their commitments in the European Covenant of Mayors with Malta's RE action plan?
- How can scientists, architects and engineers contribute towards this important binding legal document?
- Can Malta's RE action plan become a real representation of a national consensus?

Who should participate?

Government bodies, policy makers, industry, enterprise, NGO's, energy producers and distributors, environmentalists, mayors and local councils, as well as engineers, architects, scientists, academics and students, who are involved in the energy, transport and buildings sectors.

Programme:

- Keynote speakers from MEEREA (Malta), EREC (Belgium) and Fraunhofer Institute (Germany);
- Discussion, collection of feedback and reception of comments from all participants;
- Setting up of a network for energy collaborators.

Please find attached the draft programme. Updates will be posted on the dedicated web page:
<http://www.meerea.org/repap2020>

Venue:

Victoria Hotel, Sliema, (eco-certified by the Malta Tourism Authority)

Registration:

To register, please complete the attached Registration Form. You may also access it at:
<http://www.meerea.org/repap2020>

Early Registration Fees (before 18th January 2010)	€ 20.00
Late Registration Fees (after 18th January 2010)	€ 30.00
Full-time students (proof of student status is required)	€ 10.00

Registration fee includes a CD of Presentations, coffee breaks and lunch.

Please send the registration form together with your cheque made payable to: **'M.E.E.R.E.A.'** on the following address: **M.E.E.R.E.A., P.O. Box: 54, Malta International Airport, LQA 5000**

You will receive a confirmation of your registration.
